

FNB Palace Parkade

Client: FNB

Location: Johannesburg

Date: April 2019

Value: R165 Million

The project involves the development of a car park facility in the Johannesburg CBD, that will form part FNB's BankCity Complex. The new 849-bay parkade is on the corner of Pritchard and Sauer Streets and consists of eight levels above and four levels below. The main reason for this development is to meet the growing requirements of the bank's business units at BankCity.
